

ABESIT

Academic Fee of Students for Session 2020-21-ABESIT Decision

My Dear Students & Parents,

I believe that you are taking all possible precautions for you, your ward and your whole family and staying at home. There is no doubt that current Corona pandemic crisis has affected one and all. It has hampered normal life and everyone is learning to live with this. We at ABESIT are trying to meet this challenge and doing all possible efforts to safe guard the interest of our students. It was the middle of semester when lockdown was announced on 21st March, 2020. We were not able to understand how to go forward as everything was uncertain and we could not anticipate how things will unfold. Immediately realizing the situation our Teaching Faculty got into action on war scale and started online Teaching and Learning. May I inform you that as precautionary and preventive measures we installed Sanitizing Tunnels at the gate, foot mats dipped with sodium hypochloride at the entry and exit points. Every floor is having Sanitizing Machines. When we try to fulfill our responsibilities towards our students, we are equally concerned and responsible for well being and livelihood of our Faculty and Staff in this difficult time.

Dear parents, may I emphasize that the Teaching and Learning at ABESIT is outcome based where average student changes into star which is evident from the fact that Institute got NBA accreditation in three programs namely B.Tech CSE, IT & ECE simultaneously which is a rare distinction for any Institute. Our students are achievers in Smart India Hackathon, Institutions Innovation Cell and other contest organized by AICTE-MHRD Govt. of India at the National Level and Kalam Entrepreneurship League at AKTU Level. Not only this, we have done our exercise for placement of students rigorously even during lockdown period in online mode which resulted into 85% placement in good companies. Our students are also getting University positions.

ABESIT

I can also foresee that for few months for Academic Session 2020-21, Teaching Learning would be in online mode for which we have made all preparations and announced the Academic Calendar. Time Table of all year all programs have been announced. Teaching faculty have prepared Lecture-wise notes for their part of responsibilities. Videos of each lecture have also been prepared which will be available on drive after each lecture.

I am sure that our online mode of teaching will be as effective as face to face delivery as our team has made tremendous efforts.

Dear parents, we are a self financed Institution where all our expanses are met by the fee which is given by our students. State Govt. and Central Govt. does not contribute even a single rupee to meet our expanses. Major revenue goes in payment of salaries and overhead expenses for campus functioning.

However, in the present circumstances of corona pandemic crisis, we must face the situation together and come out as a winner. With this in view, following decisions have been taken:

- (1) We are withdrawing Logistic charge of Rs. 7500/- per student for this session 2020-21 only.
- (2) Some students and their parents have requested for extending the time for fee payment. Realizing the present situation we have decided to extend the time from 25th July 2020 to 15th August 2020 as last date for deposition of fee.
- (3) Those who have already paid logistic charges will be refunded/adjusted.

Prof. (Dr.) M. K. Jha
Director
