Smart India Hackathon is a nationwide initiative to provide students a platform to solve some of the pressing problems we face in our daily lives, thus inculcating a culture of product innovation and a problem-solving mindset. It is organized every year by the Ministry of Education, Government of India. The grand finale of this event was held on the 25th & 26th August 2022, in which nine teams from ABESIT were qualified. Team named “Dhira” from the CSE Department won the first prize and was awarded a cash prize of Rs. 1 lakh.

# AKTU LITERARY AND MANAGEMENT ZONAL FEST 2022-23

AKTU (Dr. A.P.J. Abdul Kalam Technical University) organized the Literary and Management Fest (Zonal Level) for the year 2022-23, which was hosted by ABESec Ghaziabad. Students from ABESIT participated in this event. The fest consisted of various events related to Literature and Management, and the winners from our department in different events were announced. The purpose of the fest was to provide students with a platform to showcase their skills and talents in these areas, as well as to encourage inter-college competition and collaboration. The fest also aimed at promoting a culture of learning and discovery among students, and to help them develop their leadership and organizational skills.

# SAMADHAAN 3.0

The Department of Computer Science and Engineering organized a Project Idea Presentation Competition on 9th December 2022, which was open to participants from all departments. The competition was coordinated by Dr. Avinash Kumar Sharma, Associate Professor, CSE Department. It consisted of two rounds: first, a PPT (PowerPoint) submission, and second, the final presentation. The competition involved presenting ideas for new and innovative projects. After both rounds, the winners were announced. The purpose of the competition was to encourage creativity and innovation in project development, as well as to provide a platform for students to showcase their ideas and presentation skills.

The Corporate Resource Centre plays a significant role around the year to maintain high placement statistics over the years to bridge the gap between the stringent competition in the industry and academia. With adequate training and support, students enhance their skills and understand how to showcase their abilities in the best possible way. The CRC organizes various training programs to enhance the skill sets of students like Mock Interviews, Group Discussions, Communication Skills Workshops, etc. In the current semester (7th Sem.) approx, 39 companies approached for placement. For which 123 students got placed in various Companies. Some even got Multiple Placement Offers.
