The United Nations' 17 Sustainable Development Goals are the blueprint to achieve a better and more sustainable future for all. They are a universal call to action to end poverty, protect the planet and ensure all people enjoy peace and prosperity.

The goals are broad, independent and cover social, economic and social issues and making them work is everyone's responsibility.

The 17 SDG's are as: "No Poverty", "Zero Hunger", "Good Health & Well-Being", "Quality Education", "Gender Equality", "Clean Water & Sanitation", "Affordable & Clean Energy", "Decent Work & Economic Growth", "Industry, Innovation & Infrastructure", "Reduced Inequalities", "Sustainable Cities & Communities", "Responsible Consumption & Production", "Climate Action", "Life Below Water", "Life on Land", "Peace, Justice & Strong Institutions" and "Partnerships for the Goals".
