“NEP ki Samajh” - Celebrating 3 years of Implementation of NEP 2020

**Summary of The Event:**

The Ministry of Education in collaboration with MyGov is hosting a Short Video Competition on Implementation of NEP 2020 to raise awareness about the student centric aspects of NEP amongst young people on the Theme: “NEP Ki Samajh”. This competition aims to motivate the youth of India to take advantage of the plethora of learning solutions offered by NEP and encourage them to utilise their creativity to compose and submit short videos about their experiences with NEP.

NEP stands for National Education Policy, which is a comprehensive framework for the education system in India. It was started by the Union Cabinet of India on 29 July 2020 and aims to transform India's education system by 2030.

Some of the main features of NEP for India's youth are:

1. It introduces a new 5+3+3+4 structure of school education, which covers children from age 3 to 18 years and emphasises foundational literacy and numeracy, experiential learning, and multidisciplinary approach.
2. It allows students to choose their preferred subjects and streams, and offers multiple entry and exit options in higher education.
3. It promotes the use of mother tongue or local language as the medium of instruction up to Grade 5, and encourages the learning of at least one classical language and one foreign language.
4. It aims to increase the gross enrolment ratio in higher education to 50% by 2035, and provide universal access to quality early childhood care and education.
5. It encourages innovation and research, and establishes a National Research Foundation to fund and facilitate quality research in all disciplines.

NEP is expected to create a more flexible, inclusive, and learner-centric education system that will prepare India's youth for the 21st century challenges and opportunities.

NEP means different things for different people, but for India's youth, it means a chance to explore their potential and pursue their passions. NEP is a vision for a new India, where education is not just a means to an end, but an end in itself. NEP is a hope for a brighter future, where learning is joyful, meaningful, and lifelong. NEP is a challenge for a better society, where diversity is celebrated, equity is ensured, and excellence is achieved. NEP is an opportunity for a greater world, where India's youth can contribute to the global knowledge and innovation economy. NEP is a dream for a new generation, where every child can fulfil their aspirations and realise their dreams.

Some student members from IIC and some other students made a video on the NEP and made awareness about NEP. It's been 3 years since the implementation of NEP. All students took part in

it with full enthusiasm and energy.

Students have to upload their videos at <https://innovateindia.mygov.in/nep/>. and <https://forms.gle/ENJBmsuVRtzqpGvSA> .

The 10 Best entries will be rewarded with a cash prize of Rs. 3000/- each.
