Hacknovate 5.0

Hacknovate 5.0, held on May 10-11, 2024, at ABESIT, Ghaziabad, was a dynamic 24-hour hackathon that brought together 2173 participants (475 teams) from various disciplines, including innovators, developers, designers, and entrepreneurs. The event served as a vibrant platform for creativity, collaboration, and innovation, with participants tackling real-world challenges in key themes such as AR/VR, AI & ML, Cyber Security, Web3 & Blockchain, and Open Innovation. Out of the total registrations, 815 students (213 teams) were accepted to participate in a hybrid mode, with 240 students (64 teams) attending offline and 575 students (149 teams) competing online. The hackathon featured a substantial prize pool of over $100K, supported by prominent sponsors including Hive (Presenter), Diamante Blockchain (Powered By), and Diamond sponsors like Campaigning Source, Serverbyt, and Drifko. Additional sponsorship came from Gold sponsors Polygon, ETHIndia, and Blockpen; Silver sponsors Reskill, SolCanvas, RipenApps, IndiBus, IndiLearn, and DappDost; General sponsors Interview Buddy and .xyz; and Track sponsors SuperTeam India and Verbwire, with Devfolio providing the platform.

Hacknovate 5.0 (Contd...)

Innovation was at the heart of Hacknovate 5.0, where participants worked tirelessly through the 24-hour marathon to push the boundaries of technology and creativity. The event fostered an environment where groundbreaking ideas were brought to life, with teams developing innovative projects that addressed pressing challenges across various domains.

From immersive AR/VR experiences and advanced AI & ML applications to cutting-edge cybersecurity solutions and decentralized Web3 & Blockchain innovations, the hackathon showcased the participants' relentless dedication to creating impactful solutions. Each project reflected a deep commitment to exploring new frontiers and leveraging technology to drive change, making Hacknovate 5.0 a true celebration of innovation and ingenuity.

ALOHA 2k24

ABES Institute of Technology recently hosted "ALOHA 2024," a heartfelt farewell event dedicated to the graduating students from the Department of Computer Science (CSE) and B.Pharma. Held on June 1st, 2024, the morning was a poignant blend of nostalgia and excitement as students, faculty, and staff gathered to celebrate the remarkable journey and achievements of the final-year students.

The event began with a lamp-lighting ceremony, symbolizing the illumination of their future paths, accompanied by the soulful sounds of Ganesh Vandana. The Director, Prof. (Dr.) M.K. Jha, delivered an inspiring speech, setting an encouraging tone for the celebration.

An electrifying musical performance by the college band filled the halls with lively yet sentimental melodies, perfectly capturing the spirit of the occasion. The 3rd-year students further elevated the event with captivating dance performances and singing, showcasing their energy and enthusiasm. The morning's highlight was a special video presentation titled "Yaadein," which beautifully encapsulated the essence of the students' time at the institute.

Dr. Subodh Kumar Sharma, Dean of Students Welfare (DSW), concluded the event with a heartfelt vote of thanks, underscoring the institute's commitment to fostering a sense of community. "ALOHA 2024" was a truly memorable farewell, celebrating the achievements and journey of the graduating batch, leaving an indelible mark on all who attended.

RUBIX CLUB ACTIVITIES

Developers' Day

Developer's Day on April 27, 2024, featured an insightful session titled "Copilot and GenAI," hosted by the Rubix Club at ABESIT. Led by Mr. Lakshit Pant, Program Manager at Microsoft, the session provided valuable insights into Copilot and Generative AI technologies. This event underscored the Rubix Club's commitment to keeping students informed about the latest tech trends and equipping them with essential knowledge for the future.

Accelchain

Blockchain Hands-On Session, held on June 7, 2024, was organized by the Rubix Club at ABESIT. The session, presented by Parik Ahlawat, Lead Blockchain Engineer at Accelchain, offered participants practical experience and deep insights into blockchain technology, showcasing its applications and potential impact. Parik Ahlawat's expertise made the event invaluable for students interested in this cutting-edge field, highlighting the Rubix Club's commitment to equipping students with essential skills and knowledge in emerging technologies.

EXPERT TALKS

Coding Skills Development on Data Structure

Coding Skills Development on Data Structures, organized by the Department of Computer Science and Engineering on January 9, 2024, was a highly informative expert session led by Prof. Vijay Kumar. The session provided valuable insights and practical knowledge to enhance students' coding abilities, focusing on strengthening their foundational skills. This event aimed to ensure participants are well-prepared for future challenges in the tech industry.
